

Aman Kumar Singh

Team Lead

☎ +91-9756395388 | ✉ aman97aman@gmail.com | 📍 Noida, India 🔗 [LinkedIn](#)

Experience: 6+ Years | Notice Period: 60 Days

Professional Summary

Results-driven Team Lead with 6+ years of software development experience, specializing in JavaScript, React.js, Node.js, and Microservices architecture. Proven track record of leading cross-functional teams of 5-10 developers, delivering 15+ high-quality, scalable full-stack applications including advanced financial management and insurance platforms. Adept at implementing Agile methodologies, mentoring junior developers, and driving performance optimization initiatives that improved system efficiency by up to 40%. Committed to fostering innovation and technical excellence in fast-paced development environments.

Technical Skills

Frontend: React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3

Backend: Node.js, REST API, Web API, Microservices Architecture, MVC

Databases: MongoDB, MySQL, SQL

DevOps & Cloud: AWS, Docker, Kubernetes

Methodologies: Agile, Scrum, Code Review, CI/CD

Professional Experience

Team Lead | JellyFish Technologies

May 2025 – Present

- Spearhead a team of 8+ developers, delivering enterprise-level software solutions with 95% on-time delivery rate
- Architect and implement scalable microservices solutions, improving system performance by 35%
- Serve as primary technical liaison between project management, stakeholders, and clients, ensuring alignment on project goals
- Establish and enforce coding standards and best practices, reducing code defects by 25%
- Mentor 5+ junior developers through structured code reviews and pair programming sessions
- Drive Agile ceremonies including sprint planning, daily standups, and retrospectives

Associate Team Lead | JellyFish Technologies

May 2023 – May 2025

- Led Agile ceremonies for a team of 4 developers, increasing sprint velocity by 20%
- Developed and maintained 10+ full-stack applications utilizing React.js, Node.js, and TypeScript
- Contributed to architecture decisions for high-impact financial management platform serving 50,000+ users
- Implemented comprehensive code review processes, improving code quality scores by 30%

- Collaborated with cross-functional teams to deliver insurance platform handling ₹10Cr+ transactions annually

Senior Software Engineer | JellyFish Technologies

August 2020 – May 2023

- Developed and deployed 3+ high-profile client applications, achieving 100% delivery within deadlines
- Optimized system performance through rigorous testing, reducing API response times by 40%
- Collaborated with QA teams to identify and resolve 200+ issues, maintaining 99.5% uptime
- Implemented RESTful APIs and microservices architecture for scalable backend solutions
- Participated in technical interviews, contributing to hiring of 10+ engineers

Software Developer | Eigen Technologies

June 2019 – August 2020

- Developed robust backend solutions using Node.js and MySQL for 2+ software applications
- Collaborated with cross-functional teams to define and deliver project specifications on schedule
- Established coding best practices through active participation in code reviews
- Contributed to documentation standards, reducing onboarding time for new developers by 25%

Intern | Eigen Technologies

120 Days

- Gained hands-on experience in software development lifecycle and coding practices

Education

M.Tech in Computer Science

Birla Institute of Technology and Science, Pilani | 2024 | CGPA: 6.0/10

B.Tech in Computer Science

Jaypee University of Engineering and Technology (JUET), Guna | 2019 | CGPA: 5.9/10

Senior Secondary (12th)

CBSE | 2015 | 67%

Secondary (10th)

CBSE | 2013 | 82%
